

● PRICE & LICENSING INFO

Included in the Software:

- FREE upgrades for 12 calendar months from original date of sale
- FREE technical support for 12 calendar months from original date of sale
- NO "monthly user fees", or "per transaction fees"

License Options:

- **1-User Site License Subscription** \$495.00 License for one named user on 1 computer at 1 site location
- **5-User Site License* Subscription** \$795.00 License for five named users on 5 computers at 1 site location
- **10-User Site License* Subscription** \$1,250.00 License for ten named users on 10 computers at 1 site location

* 5-User and 10-User Site License Subscriptions can be installed on a local area network. A site is defined as one postal address where the license is installed and used.

Site License Subscription Plan:

- \$295.00 Per Site License Subscription/Year

The EZ Coordinator Site License Subscription Plan assures all licensed users will continue to receive software updates and technical support for 12 calendar months. The original software purchase is automatically covered by the Subscription plan for the first 12 calendar months from the original purchase date.

License Migration:

Licensed owners of EZ Coordinator software may "migrate" from the Single User License to either a 5-User License, or 10-User license, and from the 5-User to the 10-User License within (2) two calendar months of the original date of sale by paying the difference between license costs.

- \$300.00 - Migrate from Single-User to 5-User license
- \$455.00 - Migrate from 5-User to 10-User license
- \$755.00 - Migrate from 1-User to 10-User license

California Sales Tax:

County sales tax rate applies to all orders shipped to a location within California.

Shipping & Handling:

\$15.00 shipping & handling charge is applied to all ground shipments. All orders are shipped UPS unless otherwise specified. Please allow 3-7 business days.

Online Training:

New customers benefit a great deal from taking the (optional) private training, priced at \$150 per 2-hour session. A session may include up to 10 new licensed users. Training is conducted remotely via our conference line and the Internet. EZ Coordinator training allows new users to get started quickly. Users learn how to customize and use EZ Coordinator more efficiently!
